## Furniture Lofting Instructions

---

With the number of items it takes to transform your room into your new home, space is a top priority. Not only do you want more space but you also want more flexibility. LifeSpace allows you loads of options without needing one single tool. Here are details on just how easy it is to make the most of your space.

---

# Loft Configuration

1. Place desk with organizer where one end of the bed should be.

2. Place dresser where other end of the bed will be.

3. Place bookcase on top of the dresser. *\*Notice the two pin-hole locations.*

4. Make sure both pins are placed in aligned holes on the bookcase.

5. Place bed on top of bookcase with short posts pointing towards the floor.

*\*Remember to place bedframe directly on top of the supporting furniture.*

*Make sure to place safety pins in each side of the furniture.*

---

# Bunk Configuration

1. Place frame on the floor where you would like to have your bunk bed. *\*Position frame so that the shortest bed posts are on the floor.*

2. Place safety pin in each bed-post so that the frames will be properly aligned.

3. Place the second frame on top of the first with the longest posts pointing toward the floor.

4. Check to make sure the pins are connecting the frames together at both ends.

*Make sure to place safety pins in each side of the furniture and align with the holes of the top frame.*

# Trundle Configuration

*Make sure to place safety pins in each side of the furniture and align with the holes of the top frame.*

1. Choose either a bookcase or dresser and place it so that it can support the foot of the other bed.

2. Form the corner of the configuration by placing the lower frame with shortest posts pointing towards the floor.

3. Place two pins on top of the dresser or bookcase and two pins on the safety rail of the lower bed.

4. Move upper bed into Trundle position with longest posts pointing down.
